The SwordThrust Series

This unique fantasy role-playing system by Donald Brown is unlike any other fantasy game available for the Apple® computer.

That character may then be taken on a series of adventures. Not just on one game disk, but on a whole series of SwordThrust adventures.

Not your typical "hack and slash" adventure game, rather one that will require skill, cunning and a lot of thought.

MISSION ESCAPE!

Imagine chess with a knight carrying a laser blaster and a dozen missiles. It's "Mission Escape" from CE Software. An adrenaline-pumping, hi-res action game by Jim Jacobson. At first, it appears to be another shoot 'em up arcade game. Thinking that way can get you blown to ashes. Simply mowing your captors down with missiles or blaster fire is not the answer. Instead, it will take a combination of quick wits, a quick trigger finger and some clever strategy to make it through the various levels of your Imperial Security Station Prison. Mission Escape is available on disk from your Apple® computer dealer for just \$24.95.

WALL STREET

There are laws of nature, and laws of man, and the stock market is subject to neither.

Wall Street, by Donald Brown is a fast-paced financial strategy game. Your goal is to wreak havoc on the stock market, and come out rich!

In Wall Street, from one to nine players can compete against the computer (acting as the stock market) and against each other! What you and your opponents do has a direct affect on the market behavior. Be careful. Wall Street combines the best aspects of stock trading to make an exciting game of skill and luck. Wall Street, available on disk from your Apple® computer dealer for just \$24.95.

The Green Plague

Few citizens of the kingdom can forget that fateful day four months ago when Baron von Drummor returned from his morning duck hunt and found a man lying unconscious at the castle's entrance. In spite of the eerie shade of green that the man's skin had acquired, the Baron picked up the body and carried it into the castle, to have it cared for properly.

The next day, the Baron awoke to find the castle in panic. The man had died, and all of the Baron's family and servants shared the same green skintone. One by one, the people fell into a deep sleep until the only one left awake was a visiting wizard named Korial. As she felt herself falling asleep, she cast a spell she had learned in the depths of the Earth. She spoke one great word of power, a great crack opened in the ground, and the castle vanished forever.

Alas, Korial's great sacrifice seems in vain. The plague is sweeping the kingdom, killing all it touches. Can you save the kingdom, or will you enter the sleep that never ends?

The Green Plague is the fifth adventure in the exciting SwordThrust series. This adventure was used for a SwordThrust tournament at the 1981 World Science Fiction Convention. It is difficult to beat the score of that great rogue, Gerald of Denver. You must have the SwordThrust master diskette to play.
